

Conservatorium Griffith University since 1997. He is an exceptional musician in all respects. I rate him highly as one of Australia's finest young musicians and a superb artist of the future.

Not only is Mr Dimond a fine composer/performer, but he is able to impart his immense knowledge across a range of areas and various cohorts of students and community contexts.

Please accept my strongest recommendations for Jonathan's multi-faceted musicianship. I look forward to hearing of his artistic endeavours in the future.

Yours Sincerely,
