Say you're for real So what's the deal?
 Keep it Don't bunt it just run it And swing it just
 like You feel Friend or foe, flight or fight
 Some people don't know the difference
 Bet-ween wrong and right
 But don't believe the hype
 Don't lose sight; stay in the fight
 Cause right is always might
 My people don't sneak they don't creep
 They don't even sleep. Trust they knee deep.
